

ANEW Precision Medicine

150 LOW-TOX PRODUCTS FOR A HEALTHIER HOME & LIFESTYLE

Physician-curated printable guide

How to use this guide. Products were selected for lower-exposure design, material choice, ingredient transparency, filtration/testing, or third-party evaluation. EWG labels apply only to the exact products/formulations identified; they are not brand-wide endorsements. For categories EWG does not evaluate, the rationale is based on the exposure-reduction purpose of the product. Formulations and certifications change, so re-check current product information before purchase.

MINERAL SUNSCREEN

84. Sky & Sol Mineral Sunscreen

Why ANEW selected it: Selected as a zinc-oxide mineral sunscreen option for people seeking a mineral-filter approach; verify the current exact formulation before purchase.

Evidence/selection: Mineral sunscreen selection | Product / evidence link [\[open website\]](#)

85. Toups & Co Mineral Sunscreen

Why ANEW selected it: Selected as a mineral sunscreen from an ingredient-conscious brand; inclusion is based on formulation approach rather than EWG verification.

Evidence/selection: Mineral sunscreen selection | Product / evidence link [\[open website\]](#)

86. Babo Botanicals Sheer Zinc Fragrance Free Mineral Sunscreen Lotion SPF 30

Why ANEW selected it: Selected because this exact zinc-oxide, fragrance-free sunscreen is currently EWG VERIFIED.

Evidence/selection: EWG VERIFIED | Product / evidence link [\[open website\]](#)

87. Badger Sport Mineral Sunscreen Cream SPF 40

Why ANEW selected it: Selected because EWG currently lists this mineral sunscreen as LOW HAZARD, making it a strong simple-formula mineral option.

Evidence/selection: EWG LOW HAZARD | Product / evidence link [\[open website\]](#)

88. Thinksport Clear Zinc Sunscreen Lotion SPF 50

Why ANEW selected it: Selected because this exact clear-zinc sunscreen is currently EWG VERIFIED.

Evidence/selection: EWG VERIFIED | Product / evidence link [\[open website\]](#)

89. Raw Elements Mineral Sunscreen Face + Body Cream SPF 30

Why ANEW selected it: Selected because EWG currently rates this exact mineral sunscreen LOW HAZARD; avoid assuming all Raw Elements formats have the same rating.

Evidence/selection: EWG LOW HAZARD | Product / evidence link [\[open website\]](#)
